PONDS FOR KIDS PROGRAM KICKS OFF FOR THE 2006-2007 SCHOOL YEAR

Franklin, Tennessee - The North American Water Garden Society (www.nawgs) and Tranquil Waterscape Designs, LLC is proud to announce the continuation of the "Ponds for Kids" program for the up coming school year. "We are very excited about the upcoming year and all of the improvements we have made to our Ponds for Kids program," stated Ellen Beaulieu, President of the North American Water Garden Society. "We have created a new planning and activity guide to provide the schools and have a nationwide group of Professional Certified Pond Installers to work with the schools in all areas of the country." The North American Water Garden Society is "An Organization of pond lovers dedicated to the enjoyment, education, promotion, and protection of the water garden hobby" and offers a free membership to all who are interested.

In the Middle Tennessee area, Tranquil Waterscape Designs, LLC has agreed to assist local schools with their installations. "We are committed to support the Ponds for Kids program here in the Middle Tennessee area, and as such, have agreed to direct the installation of 5 ponds for this program this school year," stated Randy Young, President of Tranquil Waterscape Designs, LLC.

The Ponds for Kids Program is a non-profit program that pairs professional pond installers with local schools. The school must raise the funds to pay for the materials for the installation, but Randy Young has agreed to donate his time to work with the school to ensure the pond is installed correctly and that it becomes a valued source of education and enjoyment for all associated with the school. "The students, parents, and teachers actually make up the work crew. We plan our work and then have a great time creating this wonderful installation. It is really amazing the pride people take in being a part of this whole process," Randy went on to say.

Any school interested in the Pond for Kids Program can go to www.nawgs.com or call Tranquil Waterscape Designs, LLC @ 615-599-9976.
